You have successfully made payment of \$1 with Ref#: SI1223. Thank you.

OK

If transaction fail:

If the eNETS transaction failed the 1st attempt, can retry by putting the same reference no. but for the 2nd attempt add a (A) behind the reference no. (this is because the individual reference no. can only be used once).

e.g. 1st trial -> SI1223 (but failed); 2nd trial -> SI1223A.

this goes the same for the 3rd -> SI1223B and 4th trial -> SI1223D

The rest of the steps still remains the same as above.

If still cannot successful transact, please contact, Dacon Networks Pte Ltd at 6883 9762 (main line). We will have our friendly staff to assist you.
